

Commercial Cutlery Polisher

Polish clean cutlery to a brilliant, spot-free shine.

**Polish up to
4000 pieces
per hour!**

Introducing the CP-7000 Cutlery Polisher

Nothing says more about a restaurant than sparkling clean, spot-free cutlery. And nothing gets the job done easier and faster than Bar Maid's CP-7000 Cutlery Polisher.

- **Efficient and easy to use...** Dry and polish warm, wet cutlery right out of the dishwasher.
- **Fast payback...** The CP-7000 dries and polishes between 2,000 and 4,000 pieces per hour, significantly reducing labor and other costs associated with hand-polishing.
- **More sanitary...** Reduces the potential for contact with unhygienic hands and towels. Cutlery passes through a safe, chemical free UV-C sanitation process.
- **Portable...** Relatively small footprint fits most work tables

Specifications:

Model CP-7000

Voltage: 110-120V AC 50/60 Hz

630-750W 6.25 Amps

Weight: 139lbs

Shipping Weight: 177lbs (including pallet)

Product size: 25.6 x 24.5 x 19" (approx.)

Carton size: 35 x 30 x 27" (including pallet)

Initial organic compound included

WARNING: This product can expose you to Bisphenol A, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

The CP-7000 Cutlery Polisher... simple and easy operation.

Simply insert 8-10 pieces of cutlery in the top chute every 5 to 10 seconds. Cutlery vibrates through warmed organic granulate (150-170°F) drying and polishing cutlery. UV-C exposure sanitizes before cutlery exits helping to eradicate any potential bacteria remaining from the washing process. Polished, dry, sanitized cutlery exits from the side chute into a clean bus pan or rack, ready to impress your customers.
